

SUCCESSFUL SECRETARY.

New Combination Plow for Agriculturists.

Pacific Hardware Co.'s Plow Trial at Punahou—Cut Through Hard Ground Like Cheese.

On the invitation of James G. Spencer, manager of the Pacific Hardware Company, a number of gentlemen drove out to Punahou yesterday to witness a trial of the "Secretary" sub-soil and breaking plow, made by the John Deere Co., of Moline, Illinois, and for which the Pacific Hardware Co. are the Honolulu agents.

Mr. Legier, representing the plow company, was present and explained the working of the new idea.

The points in this particular plow are in the fact that it is a double saver. It breaks and subsoils at one time, cutting a furrow from 12 to 16 inches deep and from 12 to 18 inches wide.

The trial yesterday was on exceptionally hard ground, yet with but three horses a beautiful, clean furrow was cut. The revolving disc, cutting deep into the ground, acts to a certain extent as a mouldboard, turning the sod completely over as it cuts; it obviates entirely the annoyance and loss of time by the plowman having to turn the sod over with his foot. The "Secretary" turns it over most effectually. To accomplish the same work with an ordinary plow would require twice as many horses or mules, and to put land in the condition that the "Secretary" leaves it would require two separate plows.

The plowman yesterday had merely to guide his team with the lines; there was no physical force required, as he sat in the sulky seat as nonchalantly as if he was speeding a horse. The draft was light and even through this very hard field, there was no strain noticeable on the horses. A field in Maunaloa was plowed with a "Secretary" last week, and the result showed that the plow was all that it was advertised.

For the Circus.

Prof. J. W. Price of the Hawaiian Circus writes that he has secured the following talent for the circus now showing:

Gonzales, the horse trainer, and his family of four artists; Mildred Kingley, wire walker and song and dance artist; Bob Scott, clown, and George Leonard, loop walker.

Mr. D. P. Davis, a prominent, lively man and merchant of Goshen, Va., has this to say on the subject of rheumatism: "I take pleasure in recommending Chamberlain's Pain Balm for rheumatism, as I know from personal experience that it will do all that is claimed for it. A year ago this spring my brother was laid up in bed with inflammatory rheumatism and suffered intensely. The first application of Chamberlain's Pain Balm eased the pain, and the use of one bottle completely cured him." For sale by all druggists and dealers. A Revolution IN PLOWING

"THE SECRETARY" Disc Plow.

NEWMAN, ILL., NOV. 2, 1895.

DEERE & COMPANY, MOLINE, ILL.

DEAR SIR: Our exhibition of the New Disc Plow in broom corn at this place today was not only a success but a complete surprise to all the farmers present, and was an agreeable surprise to myself in that sort of work. I talked with every farmer at the exhibition, and the majority of them said the plow was worth all it cost just to plow broom corn. Just think how absurd it would be to try to plow in heavy broom corn without breaking or raking and burning the stalks, but the Disc Plow will do it, and do it well. From what I have seen of this plow I think it is the only plow, for broom corn, at least.

Yours truly,
JAMES MOORE.

THE "Success" IS THE PERFECT FILTER!

BECAUSE:

First—The filtering medium is Tri-poli Stone which does not receive into its pores the filth and germs it extracts and which is always the same, no matter how long in use.

Second—The action of the filter downward, from an upper to a lower jar, passes the water, drop by drop, through the air, restoring the oxygen thereby which the water may have lost from stagnation, confinement, or otherwise, and imparting to it freshness of taste, sparkle and vitality.

Third—Its action is as rapid as is consistent with efficacy. A too rapid filtering does not wholly remove impurities.

Fourth—Every part is accessible for cleaning, and without laborious effort. Thorough cleanliness is the chief requisite of any good filter.

Fifth—The jars being made either of stoneware or porcelain insures water being kept pure and uncontaminated after being filtered.

Sixth—Stoneware for those who desire an efficient yet low-priced filter, and the finest porcelain, decorated to suit, enables the SUCCESS to accommodate itself to the wants of all in the matter of price.

Seventh—Its construction admits also of its capacity being adapted to suit the wants of all, from the individual tourist to the largest hotel or laundry.

Since introducing the Success Filter, we have sold a large number of them, and they give perfect satisfaction.

This cut shows a sectional view of the STONEWARE FILTER, Styles 1 and 2.

Set up ready for use. There are two crocks, each of four gallons capacity—an upper one holding the Filter Block as shown, and a lower one, which can be used as a water cooler, if desired.

The block is four inches in diameter by the same in height, and is hollowed out on inside. This fits on a metal tube, which fastens by means of the nut, shown in separate cut, to bottom of Filter Jar. Block can be lifted off tube, cleaned and replaced in two minutes, and with no trouble at all. Water passes from outside of block, through the walls into the hollow chamber, and from thence, by means of the Drip Tube, into the lower receptacle.

STYLE 1.

Best Dark-Glazed Stoneware

Family size, as shown with an upper and lower jar, each of four gallons capacity. Hotel or restaurant size, 10-gallon top and bottom crocks, with four blocks (quadruple capacity.)

STYLE 2.

Best Salt-Glazed Stoneware

Same sizes as style 1.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pump, Centrifugals, Elevators, Pumps, Railways and Hoists; also furnish light and power for a radius of from 15 to 20 miles.

Electric power being used saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers and all Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also attention is given to House and Marine Wiring.

DR. J. COLLIS BROWNE'S CHLORODYNE.

Original and Only Genuine. COUGHS, COLDS, ASTHMA, BRONCHITIS.

Dr. J. Collis Browne's Chlorodyne, Vice-Chancellor SIR W. PAGE WOOD, stated publicly in court that Dr. J. COLLIS BROWNE was undoubtedly the INVENTOR of CHLORODYNE, that the whole story of the defendant Freeman was deliberately untrue, and he regretted to say it had been sworn to. See The Times, July 13, 1864.

Dr. J. Collis Browne's Chlorodyne is a liquid medicine which assuages PAIN of EVERY KIND, affords a calm, refreshing sleep WITHOUT HEADACHE, and INVIGORATES the nervous system when exhausted. Is the Great Specific for Cholera, Dysentery, Diarrhoea.

The General Board of Health, London, report that IT ACTS as a CHARM, one dose generally sufficient.

Dr. Gibbon, Army Medical Staff, Calcutta, states: "Two doses completely cured me of diarrhoea."

Dr. J. Collis Browne's Chlorodyne is the TRUE PALLIATIVE in Neuralgia, Gout, Cancer, Toothache, Rheumatism.

Dr. J. Collis Browne's Chlorodyne rapidly cuts short all attacks of Epilepsy, Spasms, Colic, Paitation, Hysteria.

Important Caution.—The immense sale of this Remedy has given rise to many Unscrupulous Imitations.
